STANDARD FEATURES

Construction	Tough, hygienic construction, with the choice of refrigerated, warm or ambient models to suit your application. Contemporary design with slanted front glass and light to visibly display your product. Charcoal power coat finish.
Glass	Double glazed reflective glass panels side and front with front panel heated.
Doors	Rear sliding glass door with mirror film to enhance product visibility.
Refrigerated unit	Reliable, self-contained system, designed to be installed on top of the counter. Refrigerated model has condensing unit extended under the counter to maximise product display space. Fitted with condensate evaporator, no drain connection required. CFC free R134a refrigerant
Heated unit	Keep product fresh without excessive drying with unique moisture retention and holding system. Water pan is easily removable for cleaning.
Controller	Microprocessor controlled with digital thermometer display.
Shelves	Complete with 2 adjustable wire shelves.
Optional extra	Stainless steel exterior or choice of exterior powder coated paint to enhance your store color profile. Square front glass instead of slanted. Rear double glazed reflective sliding door with mirror film.
